PROFESSIONAL SUMMARY

Full Stack Developer with 2 years delivering production-grade web applications using React, Node.js, Django, with proven impact in API optimization, authentication, and scalable system design. Consistently improved latency, reliability, and developer velocity across healthcare and business-critical platforms.

WORK EXPERIENCE

Full-Stack Developer

Remote

Self Employed

July 2024 - Present

- Architected 6+ production full-stack applications achieving sub-100ms response times and processing concurrent requests for payment and medical data workflows.
- Integrated secure authentication frameworks (OAuth 2.0, JWT, 2FA) across multiple applications with zero security breaches in sensitive data transactions.
- Elevated API efficiency by implementing strategic database indexing and query optimization, achieving 40% reduction in average response latency.

Full Stack Developer Intern

Ernakulam, Kerala

Inmakes Infotech

April 2025 - July 2025

- Examined and refactored 12+ underperforming database queries using indexing and query restructuring, accelerating query execution by 35%.
- Constructed 8+ modular React components utilizing DRY principles and custom hooks, enabling 25% faster feature delivery across projects.

Junior Software Developer Intern

Ernakulam, Kerala

Soften Technologies

November 2023 - April 2024

- Programmed 6+ Django CRUD modules for patient management systems, appointment scheduling, and multi-tenant billing workflows processing 500+ records daily.
- Resolved 30+ critical UI and backend defects through systematic debugging and testing, reducing deployment incidents by 20%.

PROJECTS

E-Hospitality - Hospital Management System

github.com/sreejith-as/e-hospitality | Django 5, PostgreSQL

- Engineered RBAC and patient lifecycle system supporting 1000+ concurrent daily transactions with sub-second queries.
- Designed optimized PostgreSQL schema reducing complex lookups from 2.5s to <400ms

Career Tracker - Job Application Manager

github.com/sreejith-as/career-tracker | Node.js, Express, React, Tailwind CSS

- Built a centralized job-tracking platform with application statuses and notes, replacing manual spreadsheet tracking.
- Enabled responsive UI with Tailwind CSS, ensuring consistent usability across desktop and mobile devices.

SKILLS

- Frontend:** JavaScript (ES6+), TypeScript, React.js, HTML5, CSS3 Tailwind CSS
- Backend:** Node.js, Express.js, Django, Django REST Framework, WebSockets, REST APIs, Server Optimization
- Databases & DevOps:** SQL Databases, MongoDB, Git, GitHub Actions, CI/CD, Docker, Vercel, Netlify
- Security:** OAuth 2.0, JWT Authentication, RBAC, Password Hashing, CORS, Data Encryption, API Security

EDUCATION

Python & Django Development Training

Ernakulam, Kerala

Soften Technologies

October 2023

Bachelor of Computer Applications

Mannarkkad, Kerala

Universal College of Arts and Science

April 2023
